Just A Word About Those "VOS" Originations

The varieties indicated in the catalogue as the "Vos" Originations represent the results of years of painstaking and persevering efforts on the part of our Mr. Peter Vos.

The varieties hybridized by Mr. Vos were the sensation of the recent Kalamazoo convention.

Those who have seen them need no introduction to the "Vos" Originations.

To others: "Seeing is Believing"—Try Them.

Florists

In comparing the prices listed in our catalogue with those of others, bear in mind that we are **growers** not jobbers, and as we **grow** all the bulbs we sell, we are ready to stand back of them, as evidenced by our guarantee.

That Loving Cup

We hope you have noticed the picture on the front cover of the loving cup which we won at the recent Kalamazoo convention for the best display of Gladioli—quality and variety being considered.

We are proud of that cup, representing as it does the appreciation of the trade for our untiring efforts to produce Gladioli of quality and true to name.

P. S.—Your Order, Large or Small, Will Be Greatly Appreciated.
